

Interface for Social-Psychology Design Patterns

Inventor: xxxxx

The PsYOPs seem to work in different Groups, one group tries to manipulate the Whistleblower or Whitehat, the other group seems to manipulate the family of the Whistleblower. They have touring complete avatars of all people you know, so it's quite hard to find out what is true communication(s) and what is simulation. Separation from his social system makes it more difficult. One move of my Shrink was to tell me to catch up on my past, and my father he told not to catch up with his past. So he can inject the word "catch up" to generate an antagonizing situation (m50). I guess technically there would be some interface between such two world-views, maybe some sort of crash detection that wants to crash people intentionally, further research required.

Debris-X Foucault

debris-x.org: I ended up on this page not because searching for porn (images only 200x100px) I was searching for psychological knowledge to find out what they did to me in childhood. I found that there is a concept called **Sexualdispositiv** (German) "In Foucault's theory of social power, sexuality occupies a central position." Mouse in The Matrix: "To deny our own impulses is to deny the very thing that makes us human. Unfortunately concept also used to force soldiers to kill innocent people. By prohibiting the instinct and promise that they would end this Dispositiv they force them to do things they would otherwise not do. Don't join the dark side, do only consensual things and only with equal aged people! Additional the old people attack the sexual integrity of young boys and blame young boys for that and calling them "rapist terrorist". Equal friends would attack the boy (m37 Card). The friends maybe not realize that they have tightened themselves in a **virtual chastity belt** by playing m37 card. After 40 Years of chastity, pedophilia is sold as the cure, but it is definitely not for the victims.

love detection (between equal aged)

Inventor: xxxxx

Somehow they can detect when equal aged kids tell each other that they love each other. Natural Language Processing AI?

in my case normally pedophile people that destroys everything or even begin to swear or threaten us.

- unsure if jealousy
- drunken sadistic
- to make kids consume stuff they dont need
- to make slaves out of the kids with promising to put them back in their group of equal aged
- they seem to do this already with small kids (sk1 card) GFY for that!

Weapon part 2

Inventor: xxxxx

With Weapon part 1 card they forced me to open my safe deposit box at UBS Aarau (The Police Officers' Name: Michael R. & Women dont remember name) They photos from the content of my deposit box, just as a "proof" that there are no weapons in my deposit box. In fact this was footprinting and enumeration for to steal my data and to create more suicide death bots against me and us. This was granted possibly by prosecuting attorney Marco Spir. of the Justizdepartement Aargau, Switzerland. So now Urs, Martin, Astrid, Pfisterer and the whole Canton of Aargau has all my data, and maybe they even used MY diary entry about Michael B. (Grossmörder Aarau) to drive (+ cards) to him run Amok against his Grandmother. I was thinking Michael B. will commit suicide so I meet often with the mental deescalate, but I could not when I was in the mental institution when Michael driven to run amok.

Mental Institution

Inventor: xxxxx

The Concepts often as medieval as in the times of the Inquisition, but with a very modern backend, Actually torture of victims and witnesses. Offenders often talks about behavioural "Sciences" or "Therapy"; Elektroschocks, Insulinschocks, aggressive medication, even lethalien medicines like #Zxprexa (expose by The @torproject) are unfortunately not seldom. They obfuscate + cards. Mental Institutions often obfuscates Economic crimes, rape, murderer best known example ist the case of #Mollath (HoneyPot) Germany. CIA MKULTRA Project => DSM has parallels since at least 1970, and if you look at the English Wikipedia article, of Even Cameron you will find Burghölzli in Switzerland. Some people call the act of being thrown into an mental institution as a nasty, nerve-racking (Quake3) **Terrorory "Game"**.

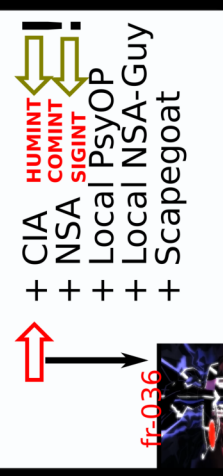

winning & arrogance

Inventor: xxxxx

Kids unfortunately learn early that they must be the fittest and the first. ("maybe" some parents and technology cards induce that intentionally, see sk1 card)
* first you win
* then you have fame
* then you are getting ignorant and lazy
* then you will have a knife in your back
Don't celebrate wins to much, there are lot young people being abused and blackmailed by older generations. Better invest time to rescue younger victims. unknown: The root of this useless behavior is maybe the school, where different kids battle to answer as first, and then remotely enjoy the fame

Don't Stare at the Sun Algorithm event trigger

Inventor: xxxxx

In my opinion after every **Quantuminserts, TURBINE, TARMOL "fishing crusade"** the psychological CIA part of this software tries to make the people focus down the hierarchy, eg on the Scapegoat, that was attracted with a cisco computer scholarship in 2002. I guess it are personified prerendered Socio-Psychology design patterns, revictimizing things, even attacks me over spinal-cord implants, tries to drive me to take knife m32,m44, after such a attack, people seem to focus on scapegoat / hostage, often they pre-render accusations and add [virtual] jury that judges [him]her! It's like they would throw a virtual hand grenade down to the younger on a regular basis. ***CIA:** See Farbrausch fr-036" which one should do, scapegoats have Informations! **Unknown:** we should detect that: +=Eventtrigger: IF kid (or 41 years old "kid") cries every 3h it's maybe subject to PsyWarfare...

Homeopathic devices against electromagnetic radiation

Inventor: xxxxx

You can buy homeopathic devices "against" electromagnetic radiation (see card e1, e2, e3, t1). First a device that runs on electric power normally causes more radiation and not less. But in my opinion this would be that perfect camouflage for cyberweapons that emits on the frequencies of implants or gorden wires of victims (e4, t19) this would be offensive equipment, and would maybe obfuscate that the electronic equipment that targets me is in power grid equipment from EG ABB, Siemens and installed by the local Electrician that buys it from eg. Otto Fischer ZH (m46 Card?)
