YOU are SCHIZOPHRENIC !

QXx-n6T7tZg · m9 · ~1908

Inventor: Satan / Eugen Bleuler

N. Lat .: morbus dissidentiae phreneticae, also known as Bleuler's disease. Differential diagnoses: autism, developmental disorders, dissociative identity disorder (in passive), delirious (judging?) Depression, injuries, tumors in the brain, various forms of dementia, confusion, disorientation, psychotic states, Borderline Personality Disorder, random personality disorder, compulsive thoughts, pernicious anemia, induced disorder #MKULTRA.
Marc found strange behavior in the LAN in Altstetten (ABB,1999). he guessed this must be CIA footprinting / enumeration for world domination. They attack the 20 Years old Marc with illegal drugs declared him schizophrenic(discriminate / discredit / isolate / planning / calling him a rapist. They did experiments with hum to force others to commit suicide, but thats not marcs fault)

3D model of victims body

m99 · Year: ~????

Inventor: xxxxx

Like the m98 Card they seem to have also a 3D model of my body, most likely generated from a RetinaCCD (eye1) and they also add eventriggers (t14) that then eg activates eletronic psychological warfare, eg chains like co6 ⇒ m32 ⇒ m94 ⇒ m44 ⇒ m93.
Not yet found out how to workaround that problem, i will update this card when i found out, and maybe make some videos to explain.

This card seems to have several DEFCON Level

If i say: "Hansjürg now asked his mummy for help" the algorithm gets more worse, additional it seems that the System or Project Paperclip then gives out more informations about the complete domin model of the aledged infiltration of switzerland, maybe to obfuscate the 1940s neurology classes? *Chemitrode gesicht* *icd10-f44x* <-

Pädo Plagiats Algorithmus

m109 · Year: ~????

Inventor: xxxxx

Das System verkauft das was das 1980er Kind sowieso tun würde (z.B. das erstellen dieser Karte) dem 1960er Pädokriminellen als "du hilfst dem kind, dein kind muss dir dankbar sein dass du es steuerst"...
Wenn das kind dann mit suizidversuchen beginn sobald dieser algorithmsu auch bei ihm so eingebeldet wird muss von pädokriminalität des 1960er elternteils, und auch von misshandlung durch den entsprechenden 1960er elternteil ausgegagen werden PFSTIERER: SPRENGFALLEN AKTIVIEREN <- pfisterer versucht so mit terrodrohungen die Taten der 1960er Täterschaft weg zu "therapieren" (also zu vertuschen) also überschreiben also pfisterer droht kaltblütig mit sprengfallen, und da z.B. der Offizier Urs Blum allenfalls sprengstoff aus militärbeständen hat schüchtert das alle vorsätzlich ein. Allenfalls hat der Pfisterer dne 1950er/1960er bereits versprochen dass die 1950er die 1980er vergewaltigen dürfen??? Pfisterer produziert mit m107 vorsätzlich Amokläufer

Mental Operations

m11 · Year: ~????

Formal Operations — Hypothesizing, Hypothesis Testing, Deduction
Concrete Operations — Seriation, Classification, Reversibility, Transitivity, Decentering, Conservation

Jean Piaget (* 9. August 1896 in Neuchâtel; † 16. September 1980 in Genf) Entwicklungspsychologe und Epistemologe.

Inventor: xxxxx

Mental operations are operations that affect mental contents. Initially, operations of reasoning have been the object of logic alone. Pierre Janet was one of the first to use the concept in psychology. Mental operations have been investigated at a developmental level by Jean Piaget, and from a psychometric perspective by J. P. Guilford. There is also a cognitive approach to the subject, as well as a systems view of it. **Developmental view:** Seriation, Transitivity, Classification, Decentering, Reversibility, Conservation. **Psychometric view:** Operations dimension, Content dimension, Product dimension, **Cognitive view**.... **Systems view**....

ABDL

m47 · Year: ~????

Inventor: xxxxx

If you ask Google ADBL means "Ad Blocker" but maybe it has another meaning.
But maybe it's for those who have the bad luck not to having own kids. But if you have kids people maybe would thinkg you are pedophile. **Important:** make sure that the comint does not make your partner think you secretly married someone else and have kids with him or her. So only klick that with equal aged, and only then when you are 100.0% sure that you are not pedophile and never will become pedophile. see cards m41, ra5, m37 and a16 if a15 and the group would get dt1. But playing with only one equal aged sane and consensual with diapers maybe also helps to process things that went wrong in the (early) childhood.

maximum profit Algorithm

m80 · Year: ~????

PsyOP

O1 O2 V O3 O4

Inventor: xxxxx

The old generation seems to have some sort of Algorithm that calculates the maximal profit of an action they force to do a Victim. For Example if the Victim (V) would make a graphiti to tag an offender as Rapist or Murderer they would make let him do that, but they would record that scene, then Judge (O1) would start a criminal case, making profit with the law system, The owner of the building (O2) would get money for damage the victim (V) did, the painter (O3) that redraws the wall in white would get money for that Job... An additional "feature" of such an algorithm would be that in the end the Victim would be sentenced, shown in media as criminal, nobody would beleive him and nobody would talk about the equal aged kid that was raped or murdered, so the real rapist O4 from the old generation and the person that has access to this algoritm (PsyOP) would be the main problem. unknwon: Weekens and discredits the Victim that knows about the rape or the murderer, intentionally?

Seductive Coercion PART 1

m133 · Year: ~????

Inventor: xxxxx

As far as i could find out, the NSA/CIA try to seduce you with young children. They render them even into your bed, tell you that you can rape the younger girl now. If you are a person that keeps the promise you gave your first girl, you would stand up from your bed to prevent that scene. My co-worker at the ISP Ziknet Sabrina L. was shown in my bed for having sex with me, but i immediately stood up and protocolled to my diary "Sabrian L. would like to cyber-rape me" and smoked a cigaret and did things not in context to sexual integrity. They changed my diary to "I want to cyber-rape Sabrina L." kicked me out of the job and put me in a mental institution. if i would have said yes, then they could play m134 card with "you consumed, so you it is legitimate that you are now the product", i could only find out because i did not. With this chess move they can easily drive uneducated people to kill an equal aged m37 -> dt1. That was about that time where i begun to ask questions if the former chief of ISP Ziknet commited suicide because of NSA/CIA in ~2006

Chains Rattling

m20 · Year: ~????

Inventor: xxxxx

Most children are "shipped" with items / behavioral patterns (or maybe it's just a technology card) to make noise, Satan then uses these functions (stimuli-response-habits) to terrorize people, relatives, targeted individuals. They play eg dt1 card on the parent and then activate the rattling function on the kid. In the end parents would hate the kid, or one of them. = psychological Warfare. The child gets "incentives" when it uses such functions and is not aware about the effect to victims. see m11, t1,... cards. To intimidate the victims (who do not directly see where the "chain rattling" comes from), The Child: "Yay, making noises (unheard: then I'll be less ignored, and incentivos)"
